- > Safe Handling of Medication
- > Technology Enabled Care

Level 3 Qualifications

Did you know you could access funding to study a higher level qualification for free? 'Level 3 Free Courses for Jobs' is a Government scheme which allows adults to access funding for level 3 qualifications, if they earn under the threshold, or haven't got any previous qualifications at level 3 or above.

Available Qualifications:

- > Coding
- > Counselling Skills
- > Dementia Care
- > Diabetes Care and Management
- > End of Life Care
- > Housing Practice
- > Special Educational Needs (SEN)
- > Understanding Mental Health
- > Understanding Autism

The scheme aims to remove the age constraints and financial barriers for adults so that they can access training to enable them to progress.

These courses are only available for free to people without a level 3 qualification or people earning under £18,525 per year. If you are not eligible to study for free, you may be able to cover the course costs with an Advanced Learner Loan.

Level 3 Qualifications

FUNDING OPTIONS

National Skills Fund

Introduced by the Government in April 2021, the National Skills Fund offers anyone free courses to people who meet ANY of the below criteria:

- > Anyone who earns below £18,525
- > Anyone who does not already hold a Level 3 qualification in any subject

Advanced Learner Loan

Fund your qualification with an Advanced Learner Loan with nothing to pay until you earn over £27,295 a year. If you are not eligible for a free course through government funding, you can still gain a qualification to further your career with the help of an advanced learner loan.
