

NCFE LEVEL 3 CERTIFICATE

CARE & MANAGEMENT OF DIABETES

There are 3.6 million people in the UK that have been diagnosed with diabetes, and it is estimated that 46% of people who are living with diabetes are undiagnosed. Although diabetes can be life changing, many cases of diabetes can be managed by simple lifestyle changes. The Level 3 Certificate in Care and Management of Diabetes aims to increase understanding and awareness of diabetes, particularly for those working in the health and social care sector.

Course Content

- Understand diabetes
- Diabetes in context
- The treatment and management of diabetes
- Complications of diabetes

Eligibility

This course is fully funded if you meet **any** of the below criteria:

- You do not hold a Level 3 qualification
