CACHE LEVEL 2

PRINCIPLES OF CYBER SECURITY

The Course

In an increasingly digital world, cyber security is fast becoming a main concern for many organisations. With complex online scams and cyber crime, it's essential that organisations have an understanding of preventative measures to maintain cyber security, including techniques and security checks needed to store data securely. This online course is a key starting point for anyone looking to begin their career in cyber security.

Lived in the EU for **3 years**

Aged 19+ at the beginning of the academic year

You could study this course **for FREE!**

Online paper-based delivery

Benefits

- Achieve a nationally recognised Level 2 qualification

How to
Sign Up

Learners may be eligible for funding which means the course won't cost a thing to complete (subject to eligibility). There is a £125 cancellation fee if a learner enrols and fails to complete or withdraws early from the course. This fee is to cover administration costs. We may be able to offer extensions if learners are unable to meet the set submission deadline. Please read the declaration on the enrolment form carefully before signing up.
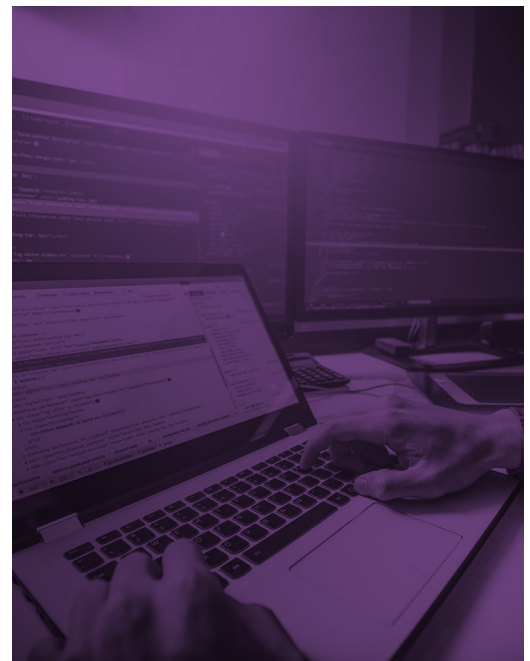

What happens
after enrolment?

1. Submit your enrolment form and get instant access to begin your course

2. We'll process your funding application, and a tutor will be assigned to support you through your course

3. Receive text reminders when your work is due

4. Your work will be marked and returned to you within 7 days

5. Once you've submitted your work, we'll apply for your certificate

How learners
use this course

If you chose to complete this Level 2 Course in Cyber Security, then you can become well affiliated with the measures needed to protect companies from online scams and cyber-crimes. This course would be important for job roles like;

- **Forensic Computer Analyst (£25,000 to £60,000)**
- **Cyber Intelligence Officer (£25,000 to £50,000)**
