CSKILLS DIPLOMA LEVEL 2
IN PLASTERING

Entry requirements

All candidates will be invited to attend a pre-course interview at one of our Academies.

Working in a dedicated training bay, you will learn how to plaster to a high standard. You will carry out, and become skilled at, tasks including:

- Boarding
- Rendering and even moulding your own dado rail
- Skimming
- Repairing damage caused by rewiring and water

In addition to practical activity, you will acquire knowledge during theory sessions relating to your chosen craft. You will also be given the opportunity to improve your maths and English skills with our high-quality functional instruction. We can even help you prepare for the world of work through relevant employability support and work experience.

How long will it take?

Plastering courses can last from a number of weeks up to a year, depending on your qualification choice.
