

Putting in the effort to excel at each stage of the journey...

Hear from one of our incredible learners from FedEx who has experienced the journey firsthand.

My Apprenticeship Journey

“

Laura, an apprentice on Learning Curve Group's LGV C+E programme at FedEx, found her apprenticeship experience to be great. Her coach, Lee, played a crucial role in guiding her and her cohort effectively, ensuring everyone reached their goals while providing valuable information along the way!

One of Laura's main highlights during her learning journey was passing her CPC exams on the first attempt, thanks to her determination, hard work, and the effectiveness of the programme! Lee helped Laura address issues where obtaining regular off-the-job hours was difficult, securing weekly allocated slots for the apprentices to help them overcome this barrier.

Laura has gained a range of key knowledge throughout her apprenticeship, including mastering the process of driving a trailer, coupling/uncoupling, and understanding the Highway Code for HGV's.

Beyond skill development, Laura also participated in a shunter training programme at work, boosting her confidence in driving and enhancing her understanding of lorries.

Laura recommends apprenticeships to others, emphasising the importance of putting in the effort to excel at each stage of the journey! Good luck for the future Laura!
