Qualifications Manager

» Our apprenticeship offer

Our health and social care apprenticeships offer a comprehensive programme that benefits both businesses and employees. Participants acquire the essential skills to thrive in their chosen field, while businesses reap the rewards of a highly skilled workforce that drives their success in this fast-paced industry.

Adult Care Worker

Level 2

As an Adult Care Worker, you're vital in aiding adults to achieve independence and goals. Each day offers opportunities for significant impact, fostering fulfillment and making a real difference. Serving as frontline staff, you assist individuals in achieving personal goals and fostering independence, thereby promoting control and choice in their lives - a cornerstone of person-centered care.

Lead Adult Care Worker

Level 3

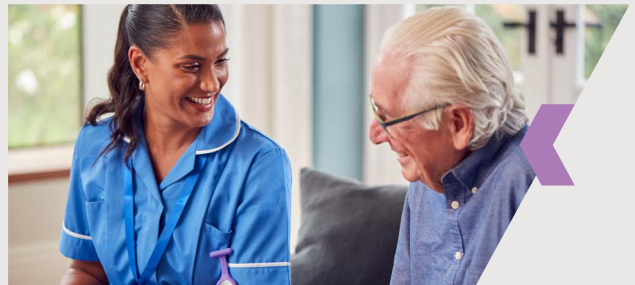

Our programme empowers health and social care professionals to enhance their leadership skills. Participants learn to foster team empowerment, cultivate a values-based culture, and drive positive service-level outcomes. Responsibilities encompass business growth, financial management, resilience planning, risk management, and leading organisational changes.

Lead Practitioner in Adult Care

Level 4

Tailored for health and social care professionals, providing them with skills to lead and motivate teams to address diverse challenges faced by individuals. Participants undergo personal growth to become recognised lead practitioners, fostering a values-based culture and contributing to operational success. As a Lead Practitioner, you'll gain expertise in specific conditions affecting service users.

Leader in Adult Care

Level 5

This specialised training for health and social care professionals focuses on equipping individuals to lead and motivate teams in addressing diverse challenges faced by individuals. Participants will cultivate and embed a culture rooted in values at the service or unit level. Their roles may encompass everything from business expansion, and financial management, to adaptability, and risk management.

” Through our partnership with Learning Curve Group, Turning Point has crafted apprenticeship programmes that are perfectly suited to our needs. Built on professionalism, support, and positive feedback, this collaboration has resulted in apprenticeships tailored to our specific requirements.

Apprenticeships for employers

At Learning Curve Group, we specialise in delivering successful apprenticeships. Whether you want to upskill your employees or bring in enthusiastic new starters, an apprenticeship can be the right option for your business's future.

What do Apprenticeships include?

Each apprenticeship programme is structured around a specific 'Standard' corresponding to a particular occupation. These standards are robust, demanding, and typically involve at least one year of intensive training, culminating in an End-Point Assessment (EPA) to evaluate the apprentice's competency.

Furthermore, many of our health and social care apprenticeships come with additional benefits. These may include care diplomas or professional qualifications integrated seamlessly into the programme curriculum, all provided at no extra cost to the apprentice.

Benefits to Apprenticeships

Apprenticeships offer mutual benefits for businesses and individuals. For businesses, they provide a cost-effective means to attract and retain talent, customise training, and develop a skilled workforce. Meanwhile, individuals gain hands-on experience, recognised qualifications, and opportunities for personal and professional growth.
