Suzanne's exceptional tutoring has played a crucial role in guiding Hannah through her learning journey. With a profound understanding of Hannah's unique learning needs, Suzanne's support has been invaluable, especially in overcoming challenges associated with ADHD, dyslexia, and dyscalculia.

Suzanne's patience and empathy have been fundamental in Hannah's learning experience. She takes the time to adapt her communication and feedback to suit Hannah's learning style, ensuring that concepts are conveyed clearly and comprehensively.

As Hannah progressed through her apprenticeship and the workload of maths and English was alleviated, she began to find greater enjoyment in the learning process. This shift allowed for a better balance between work and study, fostering a more positive and conducive learning environment.
